

C/I Lift Series Cart Lifter

The C/I Lift series from Bayne Premium Lift Systems provides the solution to the most common waste material handling needs. The C/I Lift series combines our most reliable actuator lift products mounted on rigid steel frames. These cart lifters, also commonly referred to as cart tippers, come standard with hydraulic power unit and electrical controls. C/I lift units may be fixed, mobile, or equipment-mounted.

C/I Lift Series features

- Powered by the patented Thinline® rack and pinion rotary actuator for smooth operation.
- Available for both standard domestic style 2-bar and European style roll-out carts
- 230/ 460 volt 3-phase AC, 110/ 220 volt 1-phase AC and 12 volt DC self-contained
- Cycle times as low as 8 seconds hydraulic power units available.
- Self-lubricating composite bearings at main pivot points hydraulic power units available.
- Powder coated finish for durability.
- 1-Year Limited Warranty
